

# 12 HEURES DE PUZZLE DE BELGIQUE

## Fair Puzzle in 2020 !!

*This year the 24 hours Belgian Puzzle will be very différent in many ways. One thing does not change, it is our need in support to allow the quest and realization of our current and future actions.*

*Do you want to give a fair aspect to you favourite leisure time ?*

*Do you want to put puzzles together for a good reason ?*

**Your challenge** ... Put up puzzles during 12 hours !

**Our challenge** ... Take care of disabled people's well-being everyday thanks to quality supports giving them various evolving lifestyle projects.

**What do we share in common?** We will live together these 12 hours to put up puzzles spending time to let you fancy your favourite leisure and helping us to make our projects a reality for the beneficiaries of our two departments.

**How can you help us ?** This year, we suggest something to you : **be sponsored by your family, your friends, your neighbours, your colleagues, the friends of your friends** in order to help us realize projects for and with disabled people.
